TOPAZ® EZ and EZ HD

Desktop Video Magnifiers

Later, with the sun down and the food eaten, Moby curled up at Travis's feet. As he listened to the sound of the kids splashing away in the spa, Travis felt a wave of satisfaction wash over him. This was his favorite kind of evening, whiled away to the sound of shared laughter and familiar banter. One minute Allison was talking to Joe; the next minute she was chatting with Liz and then Laird or Matt; and so on for everyone seated around the outdoor table. No pretenses, no attempts to impress, no one trying to show anyone up. His life, he sometimes thought, resembled a beer commercial, and for the most part, he was content simply to ride the current of good feeling.

Enjoy more lines on the screen with lower magnification levels with EZ HD

Dosage
Adults and children 12 year:
Take 1 tablet every 4 to 6 hou
If pain or fever does not resp
be used.
Do not exceed 6 tablets in 24
